

Welcome to another school year! I'm sure you and your children will enjoy the rest of your journey through World History this year. You may find that your Instructor's Guide has plenty of suggested reading, discussion, and activities to keep you busy—but for those times when you would like to have just a bit more, hopefully you will find some fun and helpful suggestions on these tip sheets!

Remember, you have 36 weeks to get everything done ... so don't burn yourself out early on by trying to do too much at the beginning of the year.
